

## Syntax Cloud for JD EDWARDS

### Cloud for JD Edwards

Syntax understands the importance of Information systems technology to your organization. We also know that managing day-to-day tasks and system complexity can be a distraction to your key business objectives. You need IT focused on applications that will grow your business, not on managing and maintaining your technology!

Instead of building your own infrastructure, consider a custom-tailored Private Cloud Solution from Syntax. Benefit from an on-demand IT environment and 24/7 operational support - all adaptable to your evolving business needs.

Syntax can act as an extension of your IT team, offering senior level expertise and a secure cloud environment for all your applications and data. You'll spend more time on strategic business initiatives and turn IT into a powerful tool used to gain a competitive advantage.
