Industry	Professional Services		
Use case	Scalability and performance		
Cloud services	Exadata Cloud Service  ORACLE Exadata Cloud Service		
Buyer title	CIO and VP of Applications		
Deal size	\$ 199K ARR		
Win quarter	FY'24 Q4		
Team	<ul style="list-style-type: none"> • Oracle PM: Angie Mills • Oracle GVP: Jason Jeray • Oracle RM: Cory Franzmeier • Oracle CPR: Moises Bautista • Syntax AE: Mike Adams • Syntax PM: Violeta Albrecht • Syntax Solution Architect: Charles Valade • Syntax VP: Rich Bradley 		
Key partner takeaways	<ul style="list-style-type: none"> • Syntax Customer running Oracle E-Business Suite along with additional non-Oracle applications including their most critical applications for billing, on OCI with Syntax MSP services. • Given their acquisition strategy, Tetra Tech had recently made a significant acquisition in Australia. However, because of critical north America overnight concurrent processes Australia experienced unacceptable performance issues. Additionally, Tetra Tech expects to grow to \$10 billion in revenue by additional global acquisitions. • Tetra Tech turned to Syntax and Oracle to create a solution which was addressed by a move to Exadata Cloud. The new solution addressed the issue along with providing increased flexibility, superior performance and agility setting the stage for the significant growth expected.
